The predicted snow storm that was to mark this spring's equinoctial season came in on time and Tuesday night and yesterday morning about three inches of snow fell hereabouts. It was a wet and heavy snow and made the streets very sloppy and pedestrianism very disagreeable. Yesterday afternoon it cleared up and the sun came out. There are other snows predicted for this month and March will probably keep up its record as the real winter season of the year.

Our great reduction sale proved an immense success—Sanguine though we were of it; yet our expectations were more than realized—It has made us many good staying customers, who have been convinced of their folly in paying fancy prices at "Strictly Cash Houses"—We court comparison—Nothing pleases us better—This sale gave the people an opportunity to compare our goods and prices with those shown and quoted by other houses—And these prices made food for reflection—6-ft, Oak Extension Tables at \$4 each, seemed impossible to people who formerly paid \$5 or \$56 for the same table at "Strictly Cash Houses"—But 6-ft, Oak Tables we sold at \$4 each in numbers innumerable and on Instalments at that. We do what no other house has ever attempted to do—We sell goods on Instalments at less than cash prices—Our numerous customers is Tea Importers & Coffee Roasters. necessitated more room. Though we handle everything necessary to make your home comfortable and attractive—yet Furniture and Carpets are the principal ingredients of our immense stock—We have always been proud of these lines, and we are more so this season than ever—The immensity and diversity of our stock justifies us in saying that there is not in this city a roof that covers as many styles and designs in either Furniture or Carpets as we are showing this season—And we can go further and add that not even in the largest of all large stores can you find prices in these goods to count those we quote you—The magnitude of our stock prevents us from minutely describing our grand spring exhibit—We intend, however, to keep you posted from week to week on what goods we have here and at what prices we offer them—
